Let Us Emphasize the Importance of
This Occasion to

Rug Buyers!

Note that we speak with special reference to **Fine Rugs**—rugs such as those that grace the floors of living-rooms, libraries, dining-rooms, etc., in many of Richmond's best homes. And when Rugs of such character meet with such substantial Reductions in prices, don't you think it an ideal opportunity for those whose tastes incline them towards higher class home furnishings to supply requirements in fine Rugs?

Take "Whittall's" Rugs, as an illustration. This store has never carried anything in the line of floor coverings that it is more proud of than these. Note the big reduction we've just made on the large, 9x12 feet, size.

And there is the "Saxony" (imported) and "Sandford" (domestic) Rugs—both leading the procession of Rugs of their class—all reduced in such manner that it becomes the wisest sort of economy to

BUY RUGS NOW!

It is very doubtful if another such opportunity will be presented in the near future. For, even should prices again be as low, it is altogether unlikely that they would include such fine assortments of patterns and colors as they do now—in this Sale!

SAXONY IMPORTED SEAMLESS RUGS—size 8.3x11.6:

Originally \$55.00, now \$40.00
Originally \$40.00, now \$34.00
Originally \$30.00, now \$23.50

WHITTALL'S WILTON RUGS—size 9x12 feet:

Originally \$45.00, now \$34.00
Originally \$50.00, now \$40.00

SANFORD RUGS—A standard make, in a good assortment of attractive patterns:

\$23.50 quality, seamed, \$19.95
\$27.50 quality, seamless, \$23.50

Third Floor.

"Gettin' Fitted"

END BAPTIST CAMPAIGN WITH JUBILEE SERVICE

Evangelists and Church Workers
Return Thanks for Great
Results.

RECORD 1,103 CONVERSIONS

Accessions to Twenty-Four White
and Colored Churches Reach Big
Total—Several Churches Will Con-
tinue Services All Week.

Baptist church workers held a jubilee service yesterday morning in the First Baptist Church to give thanks for the great results accomplished during the city-wide evangelistic campaign, which has been in progress for the past two weeks in twenty-four white and colored churches. More than 500 persons were present, and heard with interest the reports from the leading churches, which showed that nearly 1,200 accessions have been made during the campaign.

Rev. Weston Bruner, who had charge of the visiting evangelists, presided at the meeting. He stated that he and his staff had never received better treatment than they had during the campaign. He congratulated the city on having such a select body of pastors, which he attributed to the fact that Richmond was such a choice city. He also mentioned the fact that the State's interest in the campaign was such that it was known all over Dixie that if a man received a call to become pastor of a Baptist Church in this city, he would engage his fullman berth immediately and purchase his railroad ticket just as soon thereafter as he could borrow the money.

BAPTIST CAMPAIGN

Rev. W. L. Ball, D. D., chairman of the central committee which arranged for the simultaneous meetings, introduced Rev. W. C. James, president of the local Baptist Ministers' Conference, who, in his address, commended the work done by the evangelists who have led in the campaign here, declaring that the converts of the services were not man-made, but God-made, because the preachers were content to preach the Gospel of the kingdom and trust the Holy Spirit to apply and produce its effect.

Pastor Johnson, of the First Baptist Church (colored), was called upon and told of the excellent good that the meetings had done for the colored people. He expressed his appreciation of the hearty invitation from Dr. Bruner and the pastors of the white churches in extending them the opportunity of enlisting in the campaign.

The musical program of the closing service yesterday was one of the best ever heard in this city, and the local lovers of sacred music were present in large numbers.

MUSICAL PROGRAM

It was a varied program, consisting of a selection, "As a Mother Comforts," by the male quartet; a violin solo, by Mrs. E. L. Woblagel; a duet, "The Touch of His Hand on Mine," by Mrs. W. L. Ball and Mrs. E. L. Woblagel; and a tenor solo by W. E. Reynolds.

Reports were heard from all but four of the churches co-operating in the revival campaign, and revealed the fact that 1,103 persons had become converts since the meetings began, and it was stated that the results from the other churches would increase the total number to be more than 1,200.

The churches having the largest gatherings were: Fulton Baptist Church, with 157; Pine Street Baptist Church, with 152; Vine Street Baptist Church, with 111; First Baptist Church, with 84; and Tabernacle Baptist Church, with 75.

Services in all of the colored churches will continue throughout the entire week. Many of the white churches are also holding meetings. A new colored church, Fourth Baptist, will begin a series of meetings to-night with Evangelist Ray Palmer in charge.

Judge Williams Here. Judge Samuel W. Williams, former Attorney-General of Virginia, was a caller at the office of Governor Stuart yesterday. Judge Williams, whose home is in Wytheville, came to Richmond on professional business. He made a business call on Gov. Richard T. Wilson, of the State Corporation Commission, to inspect records in which churches are also, and his respects socially to the members of the commission.

Qualifies to Practice. Henry R. Miller, Jr., qualified in the City Circuit Court yesterday for the practice of law in that court.

WEST END HOMES YIELD MOUNTAINS OF RUBBISH

Street Cleaning Department Works
Hard to Haul Away
Trash.

CLEAN-UP WEEK STARTS WELL

Central Part of City Will Be Visited
To-Day by Dirt Collectors—Cam-
paign Will Reduce Fire Hazard
and Promote Sanitation.

Tons of trash and rubbish were hauled away from residences in the West End yesterday. It was the first day of the clean-up campaign, and the entire wagon force of the Street Cleaning Department was hard put to get away with the mountains of waste that awaited their arrival. To-day they will transfer their activities to the central or old part of the city, including the big business districts.

From the interest taken yesterday in the clean-up campaign, Richmond will be the spotless town before the end of the week. Mayor George Alsiehl had requested that the householders collect their trash and rubbish, and they met his wishes with a good will. Long before the score of dawn the streets were round, receptacles heaped with every conceivable kind of junk were ready to be hauled away.

Barrels, boxes and tin ash cans were piled up with the trash, accumulations of the clean-up campaign. The householders had obeyed instructions and had the trash where the cleaners could find it. Hundreds of wagon loads were hauled to the city dumps before night.

The campaign has a twofold purpose, to give the people a chance to get rid of the trash and rubbish which is not only a breeding place for fire, but also a breeding place for germs of all kinds. It is also a great help to a housewife to begin the cold season with a clean and span.

The Street Cleaning Department will collect the trash to-day from all homes and places of business between First and Fourteenth Streets, from the James River on the south to Leigh Street on the north. To-morrow they will take in the city east of Fourteenth Street, and on Thursday all other parts of the city will be visited by the carts.

Fractures Her Arm. Mrs. Margaret E. Russell, mother of Channing G. Russell, of 1809 Grove Avenue, who fractured her arm Sunday afternoon in her home when she fell down the stairs, was yesterday reported as resting comfortably. Mrs. Russell is eighty-one years old, and her recovery will be slow.

Sold to Have Stolen Hat. John Barrett, colored, was last night arrested by Police-Sergeant Sherry and Patrolmen Bernstein and Warner, charged with stealing a hat from the Union Hat Store, and a pair of shoes from Jacobs & Levy.

Warrant Served in Jail. S. G. Dempster, who is now serving a jail sentence, was yesterday served with a warrant charging him with the theft of a \$100 diamond ring from Mrs. W. B. Wood. Detective-Sergeants Wiley and Kellam swore out the warrant and served it on Dempster in jail.

Franklin Street House Entered. Mrs. Jackson, 507 West Franklin Street, yesterday reported to the police that her house had been entered Saturday night, and that a pair of shoes and a pair of shoes were the only articles reported as missing.

WILL PRINT COPIES OF ALL FRANCHISES

Proposition.

RIGHTS IN FOREST HILL PARK

President Wheelwright Says
Company Could Subdivide
It Into Building Lots.

The Virginia Railway and Power Company's application for a new thirty-year blanket franchise to supply the several grants under which it is now operating in this city, was yesterday laid on the table by the Council Committee on Streets, for further consideration at the next regular meeting, on November 22. At that time, if the committee will fix a date for a special hearing on the company's application.

Henry W. Anderson, vice-president and general counsel of the Virginia Railway and Power Company, told the committee that the company is having printed 1,000 copies of the petition, and accompanying franchise, for the use of the members of the Council and all interested citizens. The petition, prepared, also, he said, an accurate map of the street railway system, which will show the lines as they exist now and all the changes that the new ordinance suggests. The map will be ready for distribution this week.

WILL PUBLISH TRANSCRIPT OF ALL FRANCHISES

Councilman English desired for the committee a transcript of all franchises under which the company now operates. The company undertook to compile these franchises in a single booklet and file them with the committee within ten days. Upon the motion of Alderman Fuller, the application was laid on the table until the next meeting, in order to give the company time to file the information described.

While nothing approaching a discussion of the proposed franchise was undertaken, the thoroughness with which the members went into the preliminary study of the proposition, the committee proposes to give the matter slow and careful consideration. There was a feeling that the matter was of the greatest importance, and that no action should be taken without the fullest measure of information.

The meeting was attended by the full membership of the committee and by President Thomas S. Wheelwright, Vice-President Fritz Sutterling and General Attorney Alex. B. Gugen, of the Virginia Railway and Power Company. It was understood that the committee will hold the first public hearing on the company's application within a few days after the regular meeting on November 22.

APPLICATION IS SUBJECT OF GENERAL DISCUSSION

Unofficially, the pending application and the advisability of granting a new blanket franchise on the terms outlined by the petitioner were freely discussed yesterday by citizens at large, and by the men high up in the city's official life. In some quarters there was an inclination to minimize the estimated value of the concessions offered the city by the power company. It was pointed out, for example, that in doing this, Forest Hill Park to the municipality the company would confer to the city the annual cost of maintaining the property, and at the same time retain the benefits arising from the fact that the park is accessible to most of the population only through the use of the petitioner's cars. The actual sacrifice of the company, moreover, it was pointed out, was not a hard one to make, since the property held by the Virginia Railway and Power Company, subject to the condition that it is to be perpetuated as a public park. Such a condition, it was pointed out, would make the property unsuitable for any except park purposes and deplete its market value.

COULD DIVIDE PARK INTO BUILDING LOTS

"I know of no such condition," said Mr. Wheelwright, yesterday, when questioned as to the limitation under which the company is reported to hold the property. "We have asked our counsel for an opinion on this very point and are informed that we have the right, if we want, to subdivide the property and sell it in the form of building lots."

Fears that the acquisition of Forest Hill Park by the city would throw the park open for the use of white and colored people on equal terms, were not given serious thought. Legally, colored people have the right to use every park in the city on the same terms with the white people. In practice, however, colored people do not frequent certain well-defined white parks like William Byrd and Chimborazo, and the same understanding, it is believed, could be insisted upon with regard to Forest Hill Park, which has always been used by the white people exclusively.

Franklin Street House Entered. Mrs. Jackson, 507 West Franklin Street, yesterday reported to the police that her house had been entered Saturday night, and that a pair of shoes and a pair of shoes were the only articles reported as missing.

GOVERNOR STUART WILL ANNOUNCE RELIEF PLANS

Many Indications That Virginia Will
Co-operate in Aid of War-
Stricken People.

Communications received from many sources at the Governor's office since Governor Stuart returned to the State to co-operate with the Belgian Relief Association of England in the work of money and material aid taken by that organization indicate widespread sympathy in Virginia for the suffering Belgians.

The governor has not yet formulated his relief plan. Several substantial contributions have been proffered, including two carloads of apples from Albemarle County. Other matters have occupied the attention of the Governor to such an extent that he has been unable to give the time necessary to working out his proposed immigration scheme, whereby Belgian husbandmen whose farms have been laid waste by the ravages of the armies in the field are to be invited to settle in the agricultural district of Virginia.

SUPREME COURT CASES

Argument Concluded in Case of Norfolk
Against Southern Railway.

Argument was concluded yesterday before the Supreme Court of Appeals of Virginia in the case of the City of Norfolk vs. the Southern Railway Company. S. S. Rich and George A. Elick spoke for the appellant, and E. B. Tinsley and Judge D. Tucker Brooke, for the appellee, and the case was submitted.

Other cases argued were as follows: Steinbach vs. Steinbach et al., Passed to January term.

Griffiths' Administratrix vs. Jones et al., Argued by St. George R. Elick, for the appellee, and by St. P. Powell, for the appellant, and submitted.

Grant, Surviving Executor, vs. Chesapeake and Eastern Railway Company, Submitted on briefs.

Next cases to be called: Alexandria County vs. Alexandria, King et al., vs. Johnson; Trotter, Commissioner, vs. Spady et al.; Pace & Son vs. Cherry.

Judge Dillard Designated. Judge P. H. Dillard, of the Franklin County Circuit Court, was designated by Governor Stuart yesterday to sit in the trial of several railroad cases in the Circuit Court of Hand County. The suits are those brought by Honaker and others against the New River, Holston and Western Railroad Company. The distribution is made at the request of the judge of the court, who feels that it would not be proper to preside at the trial because of his professional connection with the matters involved in a lawyer.

Directress of Nurses. Miss M. Beth, graduate of the Massachusetts General Hospital, of Boston, and recently elected directress of nurses at Memorial Hospital, has reached the city and has entered upon her duties.

DEED TO LIME PLANT SITE IS READY FOR SIGNATURE

Expected Now That State's Effort to
Supply Agricultural Lime Will
Soon Be in Operation.

That the Leavell tract at Staunton will be accepted by the State Convict Board as the most desirable site for the plant which is to be operated by convict labor is practically assured. The new deed to the five acres of land, called into consultation as to certain legal phases of the sale contract, after making a few changes, which the executive deemed necessary for the better protection of the State's interest, the document was approved.

The deed has been forwarded to Mrs. Leavell, at Louisville, Ky., owner of the land, for her approval and signature. The essential features of Dr. Leavell's proposition being incorporated in the deed contract, it is assumed that Mrs. Leavell will sign it.

LABOR LAW VIOLATIONS

Inspector Clineinst Reports on Pulaski
Prosecutions.

Industrial Inspector J. B. Clineinst, of the State Department of Labor yesterday reported from Pulaski a batch of cases involving violations of the State labor laws, to be prosecuted in court by him November 12.

The cases will be tried before Police Justice S. M. Lyon, in Pulaski. The individuals and concerns made defendant in the proceedings are:

For violating sanitary laws—Pulaski Five and Ten-Cent Store, Bone & Hall, C. A. Variety Five and Ten-Cent Store, Singer Sewing Machine Company, Unberger Mercantile Company, Applegate Hardware Company, Southwest Times Publishing Company, R. N. Davis.

For violating ten-hour law—R. N. Davis, Unberger Mercantile Company, Variety Five and Ten-Cent Store, Bone & Hall, C. A. Variety Five and Ten-Cent Store, and Miss L. A. Emenart.

Redford Case Continued. The case against E. M. Redford, who is charged with carelessly running an automobile against Early Harris, colored, at Harrison and Main Streets Saturday night, was yesterday continued until December 9 by Justice Givens. The continuance was granted to enable Harris time in which to recover and to appear in court. The negro is at the hospital suffering from a broken leg.

Concealed Weapons. The usual fine of \$100 and a \$100 security for twelve months was yesterday meted out to three negroes whose persons the police found revolvers after their arrest. The negroes gave the names of Calvin Daniels, W. L. McCants and William Thomas, and all went to jail in default.
